

AURION ENTERPRISES

Smart systems. Strategic execution.

6. Agent Passport

Serves: **Control Framework §3 · Guardian tier feature**

🔒 This instrument runs entirely in your browser. Nothing is transmitted anywhere unless you choose to send or export it. Entries auto-save to this device only.

One passport per agent. The passport follows the agent for its entire life — creation, changes, incidents, and decommission. Duplicate this page per agent.

Agent name e.g. Invoice Bot

Passport ID AP-001

Owner (person)

Issued / reviewed date 2026/10/19

SECTION A — IDENTITY & PURPOSE

What this agent does (one sentence)

Platform / model / tool

Business process it serves
